

CURT LEE POLICE RAID PRIZE FIGHT

Officers Break Into an Old Barn
Where Ring Had Been Pitched
and Interrupt the Fierce Pro-
ceedings After Eight Rounds.

M'WINTERS VERSUS KELLY.

About Eighty Sports from New York,
Who Had Paid \$2 Each to See
the Bout, Made a Wild Scramble
for Seats.

The police of Port Lee, N. J., interrupted a prize fight in a barn there last night. The fight had gone eight rounds and a knockout was in view. About eighty sports from New York had paid \$2 a ticket to see the go. They were enjoying the hooks and swings and betting one another to a standstill when the cry "Cheese it, the cops!" went up. A wild scramble for doors, windows and other avenues of escape then ensued.

The principals in the contest were Hughie McWinters and Jimmy Kelly, local lightweights. Johnny Burns, Billy McWinters and Billy Leach looked on at McWinters, and Florie Barnett and Harry Lee were in Kelly's corner.

Both Aggressive from Start.

McWinters, who is a well-known negro, had a large following, but Kelly was not without admirers. From the start the bout was fierce. Neither man lacked aggressiveness. It was punch for punch. Kelly was particularly clever and never let up on McWinters, who came back gamely every time he was hit.

In the third round McWinters had a shade the better of the going and had Kelly clinching to avoid punishment. At times the referee had to go between the men and actually pry them apart.

Kelly Gets Back Hard.

Kelly was knocked to his knees in this round and the negro tried hard to put him out. Kelly, however, was game and fought back. Near the end of the round he whipped over a right to the negro's jaw which came near ending the fight right there.

From this round to the eighth it was nip and tuck. When the police appeared Kelly was in a bad way. The negro had dropped him to the floor with a jaw punch. But just at this juncture the fight was stopped and both men hustled out of the ring.

Quarter Over Sheephead
Course in 2.24 by Trainer
Jack Joyner.

(Special to The Evening World.)

SHEPHEAD BAY, N. Y., Sept. 24.—The weather was warm and just a bit sultry this morning during the galloping hours. The track was in perfect shape and the speed shown was on the good side.

Trainer A. J. Joyner allowed Waterboy a mile and a quarter gallop as follows: Furlongs, 0.12 1-2; quarter, 0.28; three furlongs, 0.42 1-2; half, 0.57; five furlongs, 1.12; six furlongs, 1.26; seven furlongs, 1.41; mile, 1.55; mile and a furlong, 2.09; mile and a quarter, 2.24. Of course it was only a gallop and the great racer did not take a long breath.

W. C. Whitney's Minnieola covered six furlongs in 1.20. She is a candidate for the Prospect, at about six furlongs, to be decided on Saturday, and she will be ready.

Judith Carabell clipped off seven furlongs in 1.37.

SHUT OFF ELECTRIC LIGHT.

Plumber Plugged Bon Ton Music
Hall into Darkness.

Magistrate Hogan in the Jefferson Market Court today discharged Eugene Stratton, a plumber, who was arrested that night on complaint of Frank Nece, a lawyer, of No. 41 West Thirty-fourth street, for having shut off the electric light in the Bon Ton Music Hall on West Forty-third street.

The magistrate said that as the arrest was the result of a dispute between Jacob Meyer, proprietor of the music hall, and his landlord, the civil court was the proper place to settle the dispute. Because of the shutting off of the electric light the Bon Ton Music Hall was last night in darkness.

KNIGHTS OF LABOR WITH ROOSEVELT

Party Enemies of the President
Back of the Miller Trouble in
Washington. Resolutions of
Organization Declare.

PITTSBURG, Sept. 24.—Simon Burns, General Master Workman of the Knights of Labor, returned from Washington today, where he had been attending a meeting of the General Executive Board. He reports the adoption by the General Executive Board of the following resolutions:

"Whereas the newspaper report that certain labor organizations and their leaders are attempting to have organized labor take up the fight of the enemies of President Roosevelt, because of his action in the dispute existing in the Government Printing Office in Washington, and believing the President is one of the best friends organized labor ever had in the White House, and that the present move is a political one in the interest of prominent Republicans, who control some few leaders, with a desire to attempt to defeat the nomination of President Roosevelt;

"Therefore, be it resolved, by the General Executive Board of the Order of the Knights of Labor, incorporated: That the action taken at this time against President Roosevelt is not in the interest of organized labor but a political move that, if carried out, will disrupt or lower organizations and injure the members, and if the leaders attempt any such action the majority of the members of all organizations, without regard to their political opinion, should refuse to recognize and repudiate such leaders and their action.

"Be it further resolved, That such action as is contemplated against President Roosevelt is one of the many errors and mistakes made by organized labor, as they seem inclined to ignore the rights of others, create strikes and make demands that are unreasonable, relying not on justice of their contention or claims, but the amount of loss or trouble they can cause others and to see what they can secure by depending on politicians and not on the justice of their demands.

"And be it further resolved, That, as Senator Hanna, of Ohio, is said to be a great friend of organized labor, and that he also considered a loyal supporter and sincere friend of President Roosevelt; we, therefore, suggest, to both sides to the present controversy existing in the printing office that they refer the dispute to Senator Hanna for a decision.

ALBANY Republicans Nominate.

ALBANY, Sept. 24.—The Republican City Convention yesterday nominated Mayor Charles A. Gaus for re-election, with a full city ticket.

GOMPERS TO PASS ON BUILDING TIE-UP

He Leads Committee Appointed
by American Federation of
Labor to Aid in Settling La-
bor Trouble Here.

WASHINGTON, Sept. 24.—The entire afternoon session of the Executive Council of the American Federation of Labor was devoted to the Miller case.

Miller was removed as assistant foreman of the Bookbinders' Department of the Government Printing Office by the Public Printer, and was reinstated by order of President Roosevelt.

An official statement given out by the officials of the Executive Council at the conclusion of the session contains this reference to the case: "James W. Daugherty, secretary of the International Bookbinders' Union, accompanied by a committee of that organization, appeared before the Executive Council in the William A. Miller case. The matter was thoroughly gone into, documents read and a copy of the evidence submitted. Further consideration of this subject was deferred until later in the present session."

The points involved are as to whether the American Federation of Labor shall endorse the action taken by the Central Labor Union of this city in requesting all affiliated organizations to protest against President Roosevelt's action in reinstating Miller and declaring all branches of the Government service "open shops;" and whether the Federation should approve the course of the local Bookbinders' Union in expelling Miller, and after his reinstatement referring charges against him to Public Printer Palmer and the President.

These two phases of the question will later come up for determination. It has been predicted that the Executive Council will hold that the Bookbinders' Union did not skillfully handle the Miller case, and will leave the matter to the discretion of the President.

Despite the statement from Oyster Bay that the President will not have a conference with labor leaders in regard to the Miller case, saying that he cannot officially discuss that matter with them, the assertion is reported tonight that Mr. Roosevelt has invited John Mitchell, Samuel Gompers and a few other representatives of organized labor to dine with him next Tuesday.

President Gompers and Vice-President Duncan were appointed a committee to render every assistance within their power in bringing about a solution of the building trades dispute in New York.

"WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, in-born diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution. S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

LOW'S "RELATIVE" FREE.

Sterling Mackay Stewart Released
by Magistrate Hogan.

Sterling Mackay Stewart, of the Navarre Hotel, who said he was a relative of Mayor Low when arrested last night in the Tenderloin for intoxication, was arraigned before Magistrate Hogan today in the Jefferson Market Court. The prisoner fell down the stairs of the elevated station at Sixth avenue and Thirty-third street just prior to his arrest. He was discharged.

Frank Fisher, who said he is the valet of James R. Keene, and who gave the Waldorf-Astoria as his residence, was next brought before the Magistrate. The valet had a black eye and when arrested was in the company of Frederick Kurz, a barber of No. 32 East Fourteenth street. Policeman Wickman, of the West Third street station, said he found the valet and the barber at Fourth avenue and Twenty-fourth street and took them in for safe keeping. The pair were released.
